My celebrity crush is: Ryan Gosling & this one guy from Think Like A Man omg ♡

The most famous person I've met at work is Vasa from Shortie & the new girl (TK's cousin)

The last movie I ^{streamed} saw in the cinemas was Southpaw

and I thought it was acaaazing! I don't normally like boxing movies but the story line was toooo good!

The best thing my mum always told me to always act like someone is watching

For today's lunch I had nothing & I'm so hungry haha

The five things I can not live without are: 1. all the special people in my life (soz I grouped them as one AND MY DOG COUNTS) 2. my phone, 3. makeup, 4. coffee (flat whites & lyf), 5. and fake tan hahaha no judgement

The most embarrassing thing that happened at work is umm I was wearing fake eyelashes & one started to come off so I took it off to fix it.

As I take it off, a customer came in and I had to serve them with one eyelash haha, I was actually dying. Oh & one time I called a customer mum, soz lady. OMG wait one more! One time someone at Head Office busted me playing tetris while they were shadowing our screen. For like 10 minutes they were messing with all my games & I was SO confused as to why all the pieces were flying around so fast - sorry HQ.
