

Ray Ban Barcode Sticket Placement

1. Check the sticker code matches the style code.

2. Tear off the barcode on the sticker.

See image of where to tear, there is a perforated line to make it easier to tear.

3. Place sticker on the tag.

4. Fold sticker so other side also sticks to the tag.

There is a perforated line to make it easier to fold in the correct place.

See video for how to.
